Members of Shoreline Credit Union:

First, I wish to extend our thanks to the City of Two Rivers for approving our use of the Mobile Bank Facility at 3131 Mishicot Road, Two Rivers during the remodel project. The City shares our concern for employee and member safety during the remodel, both of which are improved significantly through the use of a Mobile Bank Facility.

The Mobile Bank Facility is set to be delivered during the week of November 13. Due to the size and location of the unit, we will be temporarily changing the traffic flow of the parking lot. Shown below is a tentative image illustrating the portion of the parking lot that will be inaccessible. The orange lines represent traffic cones that will be placed, and the portion of the parking lot that is within the orange lines will not be available for member parking. Please note the actual location of the cones may depend on the day, and to pay special attention to the layout on the day you visit the branch.

Both entrances off of Tannery and Hwy 147 will continue to be accessible, as well as the entrance to the drive-thru. Until further notice, all banking activity will continue inside the branch and not the Mobile Bank Facility.

Please follow us on Facebook at [Facebook.com/ShorelineCU](https://www.facebook.com/ShorelineCU) for updates related to Project Unify, including further traffic pattern changes, remodel updates, and other various Project Unify related events.
